- Corrugated cardboard
- Kraft paper
- Brown cardboard
- Brown envelopes
- Brown paper bags
- Tape, labels or staples do not need to be removed

Not these!

- Soft, wet or dirty cardboard
- Plastic, waxed paper, styrofoam
- Foil-lined packaging
- White or colored paper
- White or colored carton

Lassila & Tikanoja Oy collects cardboard waste produced at real estate owned by Aalto University Campus and Real Estate (ACRE). The cardboard waste is transported to a recycling plant in Kerava, where it is used as raw material for core paper.

Note! Wet or dirty cardboard and cardboard packages used for fluids are to be sorted as energy waste, not as cardboard.
