STUDENTS WHO ARE ALSO EMPLOYESSA OF THE SCHOOL OF SCIENCE AND TECHNOLOGY

In a case a student is also an employee of HUT, he or she should check which email system (HUT Exchange or Sunone) he or she is using before activating the Aalto email. If HUT Exchange email system is used, emails will be moved automatically to the Aalto email system after activation of the Aalto email. In other case a students should move his or her email by himself or herself.

How can I check which email system I use?

1. Go to https://email.tkk.fi
2. Log in using your HUT username and master password.
3. If you find your emails form the service, you are using Exchange email system and your emails will be moved automatically to the Aalto email system.
