

# Turnitin for Teachers

Turnitin can be used via two interfaces: 1) The primary interface [MyCourses.aalto.fi](https://mycourses.aalto.fi) is used for course assignments or thesis. Choose *Case A* instructions. 2) The secondary interface [turnitin.aalto.fi](https://turnitin.aalto.fi) is used for other papers. Follow *Case B* instructions.

## Course Assignments or Thesis (Case A)

What is Turnitin?

### MyCourses workspace for a course, thesis process or an exam

If you will use Turnitin

- during a course or bachelor thesis seminar, edit the course or seminar workspace in MyCourses: log in to [mycourses.aalto.fi](https://mycourses.aalto.fi) with your Aalto account, click the course on the front page and follow the chapter *Add a Turnitin assignment activity (submission inbox)* below
- for advising or supervising theses and dissertations [request a personal ready-made workspace](#).
- for exams, [check tips for arranging a remote exam](#) via Turnitin

### Add a Turnitin assignment activity (submission inbox)

- [Add a Turnitin assignment activity in MyCourses for submissions](#) (Turnitin tutorial)
- [A group assignment in MyCourses](#)
- [Add peer reviewing into an assignment](#)

### View and manage students' submissions

- [See students' submissions in Inbox view](#) (Turnitin tutorial)
  - [Submit a paper on student's behalf](#)

### Assess with Turnitin similarity report

- [View and interpret the similarity report in Feedback Studio](#)
- [Give feedback in Feedback Studio](#)
- [Procedure of handling suspected plagiarism](#)

### Important about rights and responsibilities

- [Rights and responsibilities](#) - Use of Turnitin is regulated by Aalto University Code of Academic Integrity
- [Supporting scientific writing during program](#)

### Other papers (Case B)

~~Examples: You would like to check originality of your own papers as a faculty member, or papers that are written by people outside Aalto University such as applications or dissertations from other universities.~~

- ~~[Create a workspace and a submission inbox in turnitin.aalto.fi and submit.](#)~~
  - **Note!** [There is a known issue in turnitin.aalto.fi](#)
- ~~[View and interpret the originality report in Feedback Studio](#)~~
