

Personal dashboard

Mycourses (Moodle 3.8.) personal dashboard shows an overview of your courses.

Courses can be starred, hidden and displayed.

- users can sort courses by all, current, future, in progress, starred or hidden courses
- an option to display courses by last accessed or by title
- an option to display course by cards, summary or list view
- Timeline shows upcoming activities. Students can check course progress, when completion progress is activated on the course.

MyCourses site announcements (for teachers mainly)

- if you can't see site announcements, please, reset your dashboard.
