Aalto OpenLearning

ICT for Learning > Aalto OpenLearning

OpenLearning.aalto.fi is a Moodle-based online learning platform for open access online courses and educational materials created by Aalto teachers.

For Staff

With Aalto OpenLearning, Aalto staff can create personalized and interactive courses that support active learning.

- Share educational materials and create interactive content
- Interact with your students using the messaging features
- Collect and evaluate student assignments online

How to request a workspace and get started

For Participants

Aalto OpenLearning offers a variety of courses covering topics such as languages, mathematics and art. For details about the content of the courses, click the "Course overview" icon shown to the left of the course title.

To view the list of courses, click the "Courses" link from the main menu or use the search function to find appropriate courses.

In the course listing view, click the "Course Overview" icon to view details about the course.

The blue icons to the right of the title indicate the access permissions of the course.

All courses viewable by guests display the "Guest Access" icon. Guests can view the contents of a course, but cannot access activities such as quizzes and discussion forums.

The "Self enrolment" icon is shown beside courses that users can choose to enroll themselves into. Enrolled users can access all the course activities and resources. Courses that require an enrolment key (password) show a lock icon.
