

Attendances and schedulers

Attendance for keeping track

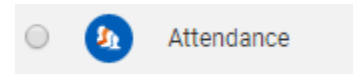

You can keep track on students attendance on lessons (present, absent, late). Attendance -activity also allows students to record their own attendance.

Tips for use:

- Teacher can open the activity for a short time period on a lesson for students to record their attendance.
- Teacher can add how many minutes session is available for students after session starts.
- Teacher can choose which session status are marked if student doesn't mark any.

How to use:

- [Attendance activity](#)

Scheduler for appointments

With a Scheduler activity, teacher can schedule appointments with individual students or with groups.

Appointments show up in MyCourses calendar, also reminders can be sent.

Teacher can comment or make notes on a session, and also grade it. When grading on, scheduler grades show in Grader report.

How to use scheduler:
