

# Changes in attachment size and quota

Attachment maximum size has been raised from 2 MB to 20 MB

The maximum size for a single attachment upload has been raised to 20 MB.

Before uploading large DOC and PPT files, please consider converting them to wiki pages or PDF files. This is a small task compared to the time saved for each person reading them!

Because disk space is limited, **TKK wiki now enforces attachment quotas** as follows:

- Anonymous users 0 (zero) MB
- Public accounts 50 MB
- All HAKA users 100 MB
- TKK students 100MB
- TKK staff 200MB
