

Requests for course instances

Do you need an instance for your course in A+, Zulip or JupyterHub? Please contact us well in advance! Making everything in order takes some time, and we prefer booking the time in advance.

Please request for the instance via an online questionnaire; with the help of the questionnaire, you can decide all the details, and we get all the information we need. Additionally, we appreciate if you can estimate the needs for support in creating the course contents before the course starts, and support needed during the course. That way we are better prepared for the needs.

Below you'll find the questionnaires for

- A+ course instances: <https://webropol.com/s/apluscourerequest>
- JupyterHub course instances <https://scicomp.aalto.fi/aalto/jupyterhub-instructors/request-course/> (note: instructor guide at <https://scicomp.aalto.fi/aalto/jupyterhub-instructors/>)
- Course chat instances in Zulip: <https://webropol.com/s/zuliprequest> (note: instructions at <https://scicomp.aalto.fi/aalto/zulip/>)
